LISBON WANTS SCHEDULE FOR STATE BASEBALL

Plans to Invite Representatives of Bismarck at Conference

Lisbon, N. D., April 25.—The Lisbon baseball management which this year is putting forth one of the strongest teams in its history, is arranging for a meeting of the managers of the various baseball clubs in the eastern section of this state, with Minot, Mandan and Bismarck in the western part for the purpose of arranging a schedule for this summer among the big teams in the state.

The conference system arranges a schedule in one day's time, whereas the mail system is drawn out and is unfair inasmuch as the team to start on a schedule first gets the best outlay.

The date for the conference has not been made definite, but will be announced early this week.

Lisbon's first games will be a three-game series with Minot at Minot, May 6, 7 and 8. On May 15 the local aggregation opens the season of the Moorhead Athletics at Moorhead.

Baseball will officially open at home for the Lisbon nine on May 20. The Minot team will oppose the Lisbonites on this date, Wednesday.

NEW CHEF TO TAKE REINS AT VAN HORN

D. B. Bougas, a practical chef, with many years experience with leading hotels and cafes in Chicago and New York, will act in the capacity of chef for the Van Horn cafe, and it is the intention to the new chef to serve the newest, appetizing dishes found in cafes of the largest cities. Mr. Bougas comes to the Van Horn cafe with sixteen years' experience and the management feels there is no doubt but that the patrons of the cafe will be pleased with this new service.

The proprietor of the cafe, Andrew Bougas, announces today a change in prices owing to the reduction of all food supplies and as the Van Horn cafe has always maintained the lowest prices consistent with good service the new announcement is of surprise to the many patrons, but is based upon a new condition of the market.

With the change in prices and new chef it is believed by the management that the service to be offered cannot be excelled.

Do Not Complain Any More About High Prices

We all know that high prices have existed since the world war and since that time we have done our best to sell goods at prices which gave a reasonable profit to do business on.

There is a good many commodities which have been reduced in price, but Food, Ice Cream, Soft Drinks, etc., have remained high.

PRICES NOW REDUCED

We have found a way to reduce our prices to what they were before the war, and our below bill of fare will tell you what we are now selling our complete line of Confectionery supplies for, and if you will look over these prices, you will convince yourself that they are the same as we were charging before the war.

REMEMBER

There has not, and will not, be any inferior quality offered for sale in our Confectionery store, for we will at all times serve and sell the highest quality that can be bought, and you can depend, you will get first-class quality as we have always given.

LIVE AND LET LIVE

We do not want to make the public believe that Confectionery prices are still high, for raw materials have been reduced, and our aim and policy have always been, to give our customers and the public every advantage of our buying, and that is why we are reducing our prices now.
